Main Specific Publication	Blagg CR: The early history of dialysis for chronic renal failure in the United States: A view from Seattle. Am J Kidney Dis 2007. 49: 482-496			
Summary	<p>After working for several years with the dialysis program in Leeds treating patients with acute renal failure I came to Seattle to work with Belding Scribner at the University of Washington. For 27 years I was also Executive Director of the Northwest Kidney Centers in Seattle. I have been involved with home hemodialysis from its original development in Seattle. I have served on a number of regional and national committees and organizations and have been actively involved with working with the Congress and government agencies regarding treatment of kidney failure.</p>
